Game Rules

- “There will be no sprinting, climbing, jumping, profanity, or physical violence on the battlefield. Blind firing is not allowed, keep a safe distance from other players and make sure you hold your gun with two hands. If you violate any of these rules, your game will be ended and you will be told to exit the battlefield. Any questions? Now that everyone knows the rules, lets get to the game! ”

Pre-Game Briefing: Team Battle

- “Your mission is team battle and it’s simple. Take out the other team before they take you out. You will have 3 lives. If your HP is lost, go to [location of respawn boxes] where you can reactivate your guns by pushing the red button on the utility box. If you get a GAME OVER message on your gun, come back here and stay here until the end of the game. If you have any questions, find a referee with a yellow admin gun. We will countdown, ‘3,2,1, Go.’ On go, hold your trigger down until you hear your gun power up. Everyone ready?”

Pre-Game Briefing: Capture the Flag

- “Your objective for this mission is to get to the opponent’s flag and get it back to your base. If you die while carrying the flag, set it down right where you are before going back to [location of respawn boxes] to respawn. If you see any flag lying on the ground you can pick it up and bring it to your base. You will have unlimited lives. In order to complete this mission, you must return both your own flag plus your opponent’s flag to the stand in your base. Everyone ready?”

Pre-Game Briefing: VIP

- “Your objective for this mission is to eliminate the VIP on the opposing team and protect your own VIP player from being killed. When the VIP is killed your team wins the game. Everyone has unlimited lives. When you lose a life, be sure to proceed to [location of respawn boxes] to respawn. Each team needs to select a VIP and proceed to your designated area of the battlefield. Everyone ready?”

Pre-Game Briefing: Domination

- “The game type is called Domination. [Demonstrate pulley flag.] Your objective is to make sure your flag is higher than your opponents flag at the end of the round. There are [x number] of flags on the field so your job is to find them and hold them for the duration of the game. It’s easier said than done. You will have unlimited lives. Be sure to proceed to [location of respawn boxes] to respawn when you die. Everyone ready?”

Post-Game: “[All post game briefings consist of simply letting players know which team won]”
